

2011
Certification and Weigh In Schedule

To make these two events as successful as last year, we will need your help. Anyone willing to offer their assistance at either or both events, please e-mail me at lppopwarner@csinet.net. Be sure all certification books are checked, highlighted and complete before certification. Teams need to be lined up and ready 15 minutes prior to weigh in time. To make things run smooth, please follow the new weigh in procedure along with all weigh in forms MUST be filled out prior to team weigh ins. Any certification book or child not certified on Aug 14th is ineligible for the first game. ID pictures will be taken also on the 13th for all rostered participants.
